STEP 1: Be Informed

**Community Warning Signals**
Learn about your community’s warning signals; what do they sound like, what should you do when you hear them, or any special signals that family members should know about (i.e. flashing light alert, ASL emergency message, vibration)?

List the type of signal(s) below and explain what to do and why it would be activated.

<table>
<thead>
<tr>
<th>Type/description of signal:</th>
<th></th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>What to do:</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Why it’s activated:</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Type/description of signal:</th>
<th></th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>What to do:</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Why it’s activated:</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

Know the types & locations of emergency stations or other alert messages that you will tune to or call in an emergency.
List emergency radio and/or television stations, TDD/TTY numbers, or other alert notifications below.

<table>
<thead>
<tr>
<th>Name/description</th>
<th>Station or phone#</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
</tr>
</tbody>
</table>

Other Emergency Plans
Identify and learn other emergency plans that may affect your life. This includes work, schools, daycares or other places you frequent. Keep a copy of each plan with this family preparedness plan. If they don’t have an emergency plan, volunteer to help create one.

Work – Emergency Plan Available? Y or N
Are you required to report to work? Y or N
If Y, list who, when and where: _______________________
_________________________________________________________________

School/Daycare – Emergency Plan Available? Y or N
Are their lists updated to who can pick-up your children? Y or N
Where is their offsite evacuation location(s)?
_________________________________________________________________

Other: _______________ - Plan Available? Y or N
## STEP 2: Make a Plan

### Disasters – What Could Happen?

It’s important to know the types of disasters that can occur in your community or household. Below are some common disasters and a place for you to add others that may occur in your area. Sit down with your social network (family, friends, neighbors) to identify your primary response/action (where you will go, who needs to be contacted, or how you will get there) and record that below.

<table>
<thead>
<tr>
<th>Disaster</th>
<th>Action/Response</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fire</td>
<td></td>
</tr>
<tr>
<td>Ice Storm/Winter</td>
<td></td>
</tr>
<tr>
<td>Power Outage</td>
<td></td>
</tr>
<tr>
<td>Flood</td>
<td></td>
</tr>
<tr>
<td>Tornado</td>
<td></td>
</tr>
<tr>
<td>Other:</td>
<td></td>
</tr>
<tr>
<td>Other:</td>
<td></td>
</tr>
</tbody>
</table>
Home Layout
Create a layout drawing below of your house and identify exits and meeting places or shelter-in-place locations.
### Exits
List the location of exits & shelter-in-place locations inside your household (may be used in place of layout above).

<table>
<thead>
<tr>
<th>Exit</th>
<th>Shelter-in-Place</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
</tr>
</tbody>
</table>

### Codeword for Kids
Choose a code word to use with children if you must send someone else to pick them up. Be sure to quiz them frequently!

<table>
<thead>
<tr>
<th>Codeword</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
</tr>
</tbody>
</table>

### Meeting Places
Choose two places to meet: 1.) just outside of your home and 2.) just outside your neighborhood. Also include a location where the family may leave notes if evacuated and contact cannot be made by phone.

<table>
<thead>
<tr>
<th>Meeting Place – Outside Home</th>
<th>Meeting Place – Outside Neighborhood</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
</tr>
</tbody>
</table>
Location for Notes
### STEP 3: Identify Your Social Network

#### Household Family Members
Identify people and pets living in your house. Include names, birthday/age, contact information and any special assistance that is provided or may be required for each person.

<table>
<thead>
<tr>
<th>Name and Birthdate or Age</th>
<th>Work ph# and/or Cell ph#</th>
<th>Assistance Provided/Required</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

**Social Network Contact Information**
It is important to identify early on the need for additional assistance in times of emergency. It’s very possible on a day-to-day basis you or a family member can function independently inside your home, but think who you may need assistance from if something were to happen. These people you identify will become your social network.

**Sit down with them and review your preparedness plan so everyone knows the response and their role.**
Include names, relationship (mother/child/neighbor/home health aide), contact information and roles/duties for each person in your social network.

<table>
<thead>
<tr>
<th>Name/Relationship</th>
<th>Contact Information (list 2 or more #’s if possible)</th>
<th>Role/duty during an emergency</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

Be specific on roles/duties: include things like who will take care of the family if someone is away/at work; who is able to provide transportation; who will check on the family during a power outage; who will provide shelter to the family if the house is damaged.

**Out-of-State Social Network**  
Ask a friend or relative who does not live in the area/state to be your “out-of-area” contact. Many times during disasters in-state telephone lines and cellular networks are down or
jammed. There is a better chance if you identify a long distance number or send text messages long distance. Family members should memorize this number and call if ever separated during an emergency to locate a meeting place and time. List the contact and phone number below:

<table>
<thead>
<tr>
<th>Name/Relationship</th>
<th>Phone Number</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
</tr>
</tbody>
</table>

General Emergency Numbers

<table>
<thead>
<tr>
<th>Agency/Service</th>
<th>Number</th>
</tr>
</thead>
<tbody>
<tr>
<td>Emergency</td>
<td>911</td>
</tr>
<tr>
<td>Information/Assistance</td>
<td>211 and/or 411</td>
</tr>
<tr>
<td>Nearest Hospital (include name &amp; address):</td>
<td></td>
</tr>
<tr>
<td>Nearest Fire Dept (include address):</td>
<td></td>
</tr>
<tr>
<td>Nearest Police Dept (include address):</td>
<td></td>
</tr>
<tr>
<td>Oklahoma Poison Control Center</td>
<td>800-222-1222</td>
</tr>
</tbody>
</table>
STEP 4: Get a Kit

Go-Kit
This should be a portable disaster kit that is easy to grab if you have to evacuate your home.

- Copy of this plan (names of family and pets)
- Identification card with picture
- Important documents (stored in water tight portable container i.e. Ziploc baggie)
  - Wills
  - Insurance policies
  - Contracts
  - Deeds
  - Stocks/bonds
  - Birth certificates
  - Electric bill
  - Passports, social security cards
  - Inventory or digital record of valuable items
- Cash/Credit Card (note: ATMs will not work in power outages)
- List of daily/maintenance medications
- Change of clothes for each person
- Snacks
- Bottle of water for each member (including pets)
- Medical equipment if possible (if you enter a shelter notify the shelter manager of your need for medical equipment)

- See specialized list below for possible functional needs supplies/equipment you may need to include
**Basic Disaster Kit**
This kit is usually larger and should be stored in your home. Your Go-Kit can be kept close by to compliment this kit. Remember to rotate perishable items every six months or so. A good reminder is when you reset your clocks in the spring and fall seasons.

- **Water**
  - Canned vegetables, fruits, juices and meats may also supply a source of water as well as nourishment if needed.
- **Purifying agent – household bleach**

- **Food – non-perishable, compact, ready-to-eat**
- **Stress foods – sugar cookies, hard candy**
- **Smoked or dried meats – beef jerky**
- **High energy foods – peanut butter, trail mix, nuts**

- **Medications – prescriptions (at least a one week supply)**
- **Over-the-Counter Medications (stored in a basic emergency first-aid kit)**
  - Tylenol or ibuprofen
  - Antacid, laxative or anti-diarrheal
  - Antihistamine/allergy pills and lotions
  - Hydrogen Peroxide and antibacterial ointments
- **Basic Emergency First-Aid Kit (keep a separate one in your car too)**

**Tools & Supplies**
☐ Eating utensils/plates  
☐ Battery operated or hand-crank radio (with extra batteries)  
☐ Baggies/aluminum foil  
☐ Manual can opener  
☐ Flashlight  
☐ Whistle  
☐ Utility knife  
☐ Paper/pencil  
☐ Toilet paper  
☐ Soap/personal hygiene/hand sanitizer  
☐ Feminine products  
☐ Blankets  
☐ Entertainment  
  o Games  
  o Toys  
  o Crossword puzzles

**Specialized Kit Items for Those with Functional Needs**  
☐ Emergency Card – list of key phrases you think someone who is helping you should know:  
  o I cannot read  
  o I communicate using an assistive communication device  
  o Please speak slowly and/or use simple language  
  o I forget easily or cannot hear, please write down information for me  
  o I need an interpreter (include type of interpreter)  
  o I use a medical assistance device (list type and frequency of use)
- I have a condition that requires me to use a respirator or life support equipment
  - Spare set of eyeglasses
  - Extra hearing aid with batteries (remember to rotate out batteries)

**Pet Kit**
- Collar, Leash, Harness
- Pet Toys
- Crate

Note- Emergency Shelters may be able to provide animal care supplies for long durations of stay.

**STEP 5: Put Your Plan Into Action**

**List of Action Steps**
- Sit down with your social network and review the entire plan
- Conduct a Home Hazard Analysis to identify types of disasters in and around your home then update this plan
- Post emergency telephone numbers by phones
- Teach children how and when to call 911
- Keep at least one phone that is not cordless to use during a power outage
- Maintain and rotate an extra supply of daily medications
- Practice with family members how and when to turn off the water, gas heating, cooling systems, and electricity at the main switches
☐ Inventory and/or video tape valuable items (be sure to keep a copy in a safe place outside your home as well)
☐ Check for adequate insurance coverage (flood, fire, earthquake)
☐ Talk to neighbors and include them in your social network
  o See if there are neighbors that need your assistance as well
☐ Always keep enough gas in your car to evacuate
☐ Take a basic first aid and CPR class
☐ Volunteer with local groups to prepare and assist with emergency response

Practice and Maintain Your Plan
Review your plans every six months so everyone remembers what to do. Be sure to write the date each time the plan is reviewed and updated so you know you have the most recent copy. Again, a good reminder to update food, plans and medications is when you reset your clocks in the spring and fall.
Large print provided by the OSDH Emergency Preparedness & Response Service.
